- ◆ Ziploc Bag
- ◆ Scrubby
- ◆ Toilet Paper
- ◆ Bottled Water (gallon jug or two 1/2 gallon bottles)
- ◆ 33-gallon or barrel black garbage bag

Directions for use:

Empty contents of box.

Place opened garbage bag inside box.

STAND in box.

Take shower.

The water will pool in the bag and soak the feet.

This is just a little slice of heaven given to our heroes in not-even-close-to-heaven conditions.

Note: Make sure toiletries are travel size. If sending toilet paper, try to get the softest possible—another slice of heaven.

WHAT?

Many of our deployed troops go for weeks on end, sometimes months, without a real shower. Using wipes for an extended period of time just doesn't quite do the trick.

Sending Bath In A Box gives the troop that special feeling of having fresh, clean water on their weary skin.

An activity that we all take advantage of and our deployed troops treasure.
